

TEMPbadge® Visitor Badge Log Book

TEMPbadge®

Visitor Badge Log Book

The new TEMPbadge Visitor Badge Log Book is an easy-to-use sign-in system that keeps a record of visitors with the added security of a self-expiring name badge.

FEATURES & BENEFITS

- **Visitor information is recorded**

As the Visitor, Receptionist, or Security Person fills out the badge, a duplicate record is being recorded at the same time. This provides the facility with a permanent record of their visitors for future reference.

- **Sign-in information is not visible to other visitors**

This allows the Visitor's information to be protected from review by the public (and future visitors).

- **Self-expiring visitor badges**

The self-expiring badge displays a red-colored "VOID" once a visitor has been on site for the allotted time, providing a layer of visual security. The color change also prevents tampering and reuse of the visitor badge, so there is no need to collect used badges.

- **Low cost and easy-to-use**

For a nominal fee, the TEMPbadge Visitor Badge Log Book provides a complete visitor management solution and an easier, more professional way to handle visitors, contractors, vendors, and other temporary guests.
