ID INTELLIGENCE
SAFE GUARD HSPD-12 SHIELDED BADGE HOLDERS

SAFE ⬛ GUARD
SHIELDED BADGE HOLDER

- • **Ideal for use with PIV-I credentials**
- • **Durable rigid polycarbonate**
- • **Holds and shields two ID cards, effectively blocking RFID chips from being read without permission**
- • **Less expensive than similar models**
- • **Open-face design allows for easy display and removal of cards**

The open-face design of the ID Intelligence Safe Guard Shielded Badge Holder is shielded on both sides while allowing for easy display and removal of cards — even one-handed!

They are durable and secure, protecting cards from loss or damage. Compatible, user-friendly, and economical, the ID Intelligence Safe Guard Shielded Badge Holders are an excellent choice to protect your contactless smart cards.

The Safe Guard Shielded Badge Holder is *ideal for use with PIV-I credentials* (Personal Identity Verification - Interoperable credentials) for issuance to non-Federal employees granted access to DOC information system resources.

GSA APL #: 1501

Item #: **IDI926-LS-_ _ _**
(BK, CLR, RED, ORG, YW, GRN, BLU, PUR, PNK)
