Gather perfectly compliant, quality ID photos **without** requiring in-person photo appointments. Badgeholders submit ID photos remotely via a **self-service workflow**.

AI-powered **auto approval** and **denial** replaces manual review and ensures photos meet your organization's requirements.

# Auto rotate, crop, and background removal in seconds.

# Photos show up right on time, right where you need them.

Perfect for seamless employee onboarding or a large scale rebadge, RemotePhoto automatically downloads photos directly into your access control, human capital management, and badge production systems.

The screenshot displays the RemotePhoto web application interface. On the left is a blue sidebar with navigation options: Photos, People, Archive, Dashboards, Organizations, Cardholder Groups, Your photo, > HelperBot, and About. The main content area is titled "Approved Photos" and includes two orange buttons: "+ ADD PHOTO" and "DOWNLOAD PHOTOS". Below the title are tabs for "Pending", "Approved" (which is selected), "Denied", and "Downloaded". A table lists approved photos with columns for "ID Number" and "Photo".
